

Prairie Heights Preschool, Hanover School District Enrollment Processes for 2024-2025 School Year

Families with a child that will be 4 years old by October 1, 2024 will apply through Universal Preschool. <https://upk.colorado.gov/>

- Families that are currently enrolled in the 3 year old program need to apply through UPK by March 28th in order to be automatically placed in Prairie Heights Preschool. Families will be notified and will have from April 3-11 to ACCEPT or DECLINE this placement.

After March 28th, ALL families that apply will go through the UPK matching process like last year.

- During the matching process, Prairie Heights Preschool will be notified of matches first and will have the option to accept or decline them. After that, families will also be notified and have the option to accept or decline the match.

Once students are officially placed in the Prairie Heights Preschool Program, families will be contacted by the preschool about district enrollment processes.

Families with a **3 year old on an IEP** will need to fill out the UPK application <https://upk.colorado.gov/> and mark that their child has a current IEP. Prairie Heights Preschool will be notified when the child has been placed with them and will contact families about district enrollment processes.

All other families with 3 year children will contact Prairie Heights Preschool directly in regards to applying for the 3 year old preschool program. We are setting appointments for our **May 10th, 3 year old application day**.
