

Five-minute Friday

HANOVER SCHOOL DISTRICT 28

Welcome Back to the 2025-2026 School Year!

Dear Students, Staff, and Families,

What an exciting time as we open our doors for another year of discovery, friendship, and achievement! Whether you're returning to familiar hallways or stepping through our doors for the first time, we're thrilled to have you as part of our school family.

To our students: This year holds countless opportunities for you to learn something new, make lasting friendships, and discover just how capable and talented you truly are. We believe in each and every one of you, and we can't wait to see the amazing things you'll accomplish. Remember that every challenge is a chance to grow stronger, and every day brings new possibilities.

To our dedicated staff: Thank you for bringing your passion, creativity, and commitment to our students. Your dedication makes all the difference in creating an environment where learning thrives and every child feels valued and supported.

To our families: We're grateful for your partnership and trust. Together, we'll support our students in reaching their full potential, both academically and personally. Your involvement and encouragement at home strengthens everything we do here at school.

This year, let's commit to treating one another with kindness and respect, embracing challenges with determination, and celebrating each other's successes along the way. When we work together with positive attitudes and open hearts, there's no limit to what we can achieve.

Here's to a fantastic 2025-2026 school year filled with learning adventures, personal growth, and wonderful memories!

Warmly,
Mark McPherson
Superintendent
Hanover School District 28

COMMUNICATION

Dear Parents and Families,

Effective communication is essential for supporting your child's educational journey, and we recognize that we can always improve in this area. This year, we are committed to enhancing how we share important information with you, but we need your partnership to make this effort successful.

How You Can Help:

Check the District Calendar Regularly - Important dates, events, and deadlines are updated frequently on our district calendar. We encourage you to bookmark it and check it weekly to stay informed about upcoming activities and school events.

Register for ParentSquare - If you haven't already, please ensure you're registered on ParentSquare, our primary communication platform. This is how we send important announcements, reminders, and updates directly to you. If you need assistance with registration, please contact me.

Read Messages Promptly - When messages arrive through ParentSquare, email, or other communication channels, please take a moment to open and read them. Many contain time-sensitive information about your child's education, school events, or important policy updates.

Five-minute Friday's - This newsletter will go out every Friday. It will contain key updates important for families and the following two week's worth of calendar events (please double-check the district calendar as these can change after publication).

Your attention to these communications helps ensure that nothing important falls through the cracks and that you stay connected to your child's school experience.

We truly appreciate your partnership in making this a successful year for all our students. Together, we can create a strong communication network that benefits everyone in our school community.

Thank you for your continued support and assistance with our communication efforts.

Sincerely,
Lori Underwood
Director of Communication
Hanover School District 28
(719) 426-8002
